Growing our Partnership

There are many reasons that Canadian Tire and Flags Unlimited have been in partnership for so many years. It makes sense as we have a lot in common.

We have both earned a reputation of listening to our Canadian customers and creating solutions to address their changing needs. We have both built companies that offer high-quality products that help Canadians live richer lives. And, we both want to be recognized as a Canadian success story.

At Flags Unlimited we want to work with Canadian Tire to continue to develop our partnership and create solutions together that we couldn't have achieved on our own. We have worked with your organization as a manufacturer and supplier of consumer Canadian flags and accessories, and it's time to do more.

We have designed this catalogue with Canadian Tire in mind. Whether the focus is a new product launch, building brand awareness or a clearance sale, Flags Unlimited has you covered. Let us be your trusted partner in providing soft signage and displays for your store.

Have a look, and let us know what you think!
