

DuraDouble II Feather

Advertising - Trade Shows - Outdoor/Indoor Events

DuraDouble II is our best selling product. The DuraDouble II (or as we call it: DDII), is a very versatile, economical and creative way to draw attention and get noticed. The hardware can be used indoors with a crossbase and/or outdoors with a T-spike or weighted base. DuraDouble II is easy to set up, take down and transport. It rotates smoothly 360°. You can design the entire graphic space including the sleeve.

HARDWARE SPECIFICATIONS

- Durable gray/silver fiberglass poles.
- One pole fits three shapes*: Drop, Feather and Sail.
